EIFEL Design Services

Eifel Design Services places exceptional contract employees with extraordinary companies.

Eifel Design Services is the sister company of Eifel Mold & Engineering Inc..

Eifel Design Services was formed in 2003 when a client of Eifel Mold & Engineering's developed a need for experienced, capable contract employees. Based on Eifel's reputation of hiring and retaining talented, dedicated employees, the client asked if Eifel would be willing to step in and provide this service.

Since then, Eifel Design Services has expanded to providing contract employees to other clients as well.

We specialize in design, engineering and technical positions with various levels of expertise and education.
